

HAPPIER TRAVELS WITH TRAVEL PRO®

Fiber Fresh Travel Pro® has been designed specifically to assist horses that are travelling or away during competition.

Travel Pro® is a moist, high-energy, highly digestible fibre feed comprising pure fresh cut lucerne, ideal for all horses requiring top quality fibre. *Travel Pro®* is perfect to feed prior to travel or during competition.

Benefits of feeding prior to travel include:

- Maintains hydration
- Reduces tucking up
- Maintains good gut health
- Highly digestible quality protein to build muscle and immunity
- High in digestible energy, but very low in sugar and starch

A good source of calcium and other minerals, *Travel Pro®* also features high levels of digestible protein, lysine and other amino acids which together are essential for vital functions including growth, reproduction and immunity in the horse.

Feeding recommendations

Prior to travel, feed *Travel Pro®* on its own. When introducing to the diet, increase daily amounts by 0.5kg increments until the desired quantity is reached.

We recommend feeding a minimum of 1kg prior to travel.

TYPICAL ANALYSIS Dry Matter Basis

CRUDE PROTEIN %	21.5
ADF %	27.5
NDF %	36.1
ASH %	11.5
